Benefits of Joining the North End Chamber of Commerce

The North End Chamber of Commerce is committed to revitalization of the North End. By joining the Chamber you will be a part of a working group of business owners and neighbors who care about the North End. Our opening year Mission is as follows: to establish a Taxi Zone on Hanover St., to publish a Yearly Information Book about the North End and all that it has to offer. This book would feature the members of the North End Chamber and will be distributed throughout the North End, Boston Concierges and also to our fellow Chamber of Commerce nationwide. We want to decorate the North End for the holidays with Christmas lights, not just Hanover St., all the streets that our members are on. We are working with a Health Insurance company to establish a plan that can be used for all the members and their employees. The North End Chamber of Commerce also plans to make a commercial about the North End business and publish it on Cable TV and various cooking programs such as The Phantom Gourmet and TV Diner. And last but not least we will build a website that will promote the NECC and it's members. This website will kick off an aggressive advertising plan to market the North End Nationwide!

Our first year will be one of growing and together we can change the face of the North End and bring more business into our community as well as offer more services to our members.
